I am participating in the fair:

Focused on the domestic market Focused on the international market

I am not yet exporting, but I can do so and one of my participation objectives is to start doing business in international markets.

I am interested in the following geographical areas:

Africa Asia Oceania European Union
 North America Central America Middle East Other
 South America Spain Rest of Europe

I intend to take part in the programme of meetings with hosted buyers using the Matchmaking System tool* I intend to recommend buyers through the Recommend Programme*

* Free programme for exhibitor companies (direct and co-exhibitors) including access to the MATCHMAKING SYSTEM, a tool created to ask for meetings with buyers invited by the organiser. **Exhibitor companies which are organisations, institutions, associations, groups of companies, etc. are excluded from access.**

Meetings have three statuses in the tool: requested, accepted and declined. Meeting requests are two-way and as many meetings can be arranged as are accepted. However, requests are limited in number to avoid blocked buyers' schedules and to give all companies the chance to ask for appointments.

* Free programme for exhibitors (direct and co-exhibitors). Recommend the buyer of your choice and you will be able to meet them during the event. We will make sure that you are part of the buyer invitation programme and also ensure confidentiality.
