

YOU MUST REMEMBER THAT...

The coordinator must ensure that each student has either their badge printed or access to it through the fair's app to enter with the ENTIRE group, already present, from 11am.

- Access for school groups will be notified to the group's coordinator one week prior to the school's visit.
- No change of names or number of participants will be allowed.
- Students must be accompanied by at least one coordinator.
- It is essential **to print out each of the badges to have access to the fair.**
- The ID cards of each attendee may be required to verify identity and age of majority.
- **Once the pass has been validated at the entrance, it will NOT be possible to leave the venue, either to smoke, go to get food or drink, etc., as if you wish to re-enter, the system will deny you access. Departure from the site must be at the end of your visit.**

Please check again our [access rules](#).
